IMPORTANT NOTICE REGARDING YOUR TELEPHONE SERVICE

Dear AT&T Digital Phone Customer:

We are writing to let you know about important news in connection with your AT&T Digital Phone service.

On or after December 15, 2004, Comcast Phone of Ohio, LLC, which provides telephone service to you under the name AT&T Digital Phone, will transfer its customers and certain of its assets to another telecommunications company, Insight Phone of Ohio, LLC ("Insight"). Insight, through its affiliates, serves approximately 1.3 million cable customers throughout Ohio, Kentucky, Indiana and Illinois. Insight's affiliates have for the past several years provided certain network facilities, marketing, billing, and customer support for AT&T Digital Phone's services.

How will the transfer affect your rates and service?

Immediately following the transfer to Insight, you will continue to have the same telephone number and receive the same services at the same rates, terms and conditions as you do now. If you also currently subscribe to Comcast's local toll and/or long distance services, Insight will also provide those services, for your use in placing and receiving non-local calls within the state of Ohio. A brief summary of the current rates, terms and conditions is included with this letter for your reference. You will not be charged any fees for the transfer to Insight, and Insight will be responsible for any carrier change fees that might apply as a result of such transfer to Insight. Notice of any future changes in rates, terms and conditions of service will be provided to you as required by law.

What are the next steps?

You don't have to do a thing! Of course, you are free now or at any time to select a new service provider, but we are confident that you will be completely satisfied with Insight.

We anticipate the date for the transfer may be as soon as thirty (30) days from the date of this letter or as soon thereafter as the necessary regulatory approvals are obtained. If you have not notified AT&T Digital Phone that you have arranged with another service provider for service to commence on or before the date of the transfer, you automatically will become an Insight customer for the telecommunications services you currently purchase from AT&T Digital Phone.

If you have placed a preferred carrier "freeze" on your AT&T Digital Phone services to prevent their unauthorized transfer to another service provider, FCC rules require that the freeze be lifted at the time of the transfer to Insight. At your request, Insight can reestablish preferred carrier "freeze" protection for your account after the transfer.

If you have any questions:

If you would like to obtain a copy of our subscriber agreement and tariffs or need additional information about the rates, terms and conditions of service, please visit www.insight-com.com/tariffs or call 1(866) 422-0228.
